4. (Unclassified - GLC) Boyd Crawford, House Foreign Affairs Committee staff, asked if I would check our files regarding [redacted]

[redacted] **Dr. Morgan** says this individual has made much of his alleged employment with the Agency and the Chairman has become just curious enough to find out if in fact he ever did work for us. I told Crawford I would be happy to check on this.

5. (Administrative-Internal Use Only - GLC) William Colby, Chief FE, called to say that William Sullivan, Assistant to Mr. Harriman, has been designated to draw up a unified paper on Viet Nam. In doing this he desires the transcripts of testimony of all Government witnesses before congressional committees on this subject. I talked with Sullivan and mentioned several problems such as lack of transcripts in some instances, special security classifications resulting from inclusion of other material in the same briefing, etc. We are sending Sullivan our Memo for the Record on the DCI briefing of the Fawcett Subcommittee and will follow-up by providing him with excerpts of other pertinent testimony.
